WESTERLY TRIMS LOCAL HIGH SCHOOL TEAM
Rhode Islanders Work Forward Pass and Roll Up 20 Points—Tucker and Moore Star.

Windham was defeated by Westerly High school team at Recreation Park Wednesday afternoon by the score of 20 to 0. The teams were evenly matched and in the first half it seemed that Windham was going to score but Westerly later worked several forward passes for about twenty yards each which rather broke Windham's spirit. No points were scored in the first or second quarters, but Westerly worked their forward passes for two touchdowns in the third and one in the fourth. At one time it looked as if Windham was going to score as they had the ball on the six-yard line but a fumble gave the ball to Westerly. Moore of Westerly made practically all of their gains while all of Windham's backfield made many gains with Tucker leading. During the game Tucker intercepted a forward pass and made twenty yards on it. Touchdowns were made by Blake, Bowler and Wilcox. Moore kicked two goals out of three attempts.

Alleged Deserter Arrested.

"For three years, I was troubled with Constipation. At times, the attacks would be very severe, accompanied by Dizziness and Violent Headaches. I took medicine and laxatives the whole time, but as soon as I discontinued the treatment, my bowels would refuse to move. Last October, I went to Montreal and there heard of 'Fruit-a-lives'. I used one box and the results were so pronounced that I bought two dozen boxes. I continued using 'Fruit-a-lives' and noticed a decided improvement. I gradually reduced the dose from three to one tablet every three or four days until the twenty-four boxes were finished when my physical condition was perfect."

A NEGRO MURDERER RIDDLED WITH BULLETS

Had Killed His Wife and a Policeman at Danville, Va.

Danville, Va., Oct. 12.—Walter Clark a negro, who murdered his wife in their home today and afterward barbed himself in a house where he shot and killed a policeman, who attempted to arrest him, and then probably fatally wounded Deputy Sheriff Boisseau, was killed when he attempted to escape from the building in which he had taken refuge.

Fire was set to the building and the negro was forced by smoke and flames to leave the structure. His body was riddled with bullets.

Andrew J. Parkinson and William Wells wounded in the fusillade, were removed to a hospital, as was Boisseau, who is in a dying condition.

Several thousand persons surrounded the scene and a covering of about three miles of guns blasting away. There was a terrific fusillade with scores of guns blasting away.

The policeman was killed after Clark demanded to see the warrant for his arrest. The officer turned his head momentarily and was shot. Deputy Sheriff Boisseau hastened to the scene and was covering up the dead policeman when he was shot.

The situation was serious for two or three hours as the Danville home guard, unarmed, was handicapped in attempting to restore order. Business houses were closed and merchants rushed to the scene of the tragedy.

TIME FOR FOOD PLEDGE CARD CAMPAIGN EXTENDED
Will Recede During Final Week of Liberty Bond Sale.

Hartford, Conn., Oct. 12.—Federal Food Commissioner Robert Scoville has received word from Herbert Hoover, national commissioner, that the final week of the food pledge card campaign has been changed because of the drive for Liberty bonds. The pledge card work was to have ended on October 27, which date is coincident with the last day of the Liberty bond sale, but so that all forces may be bent to the bond campaign, the pledge card work will stop during the week of October 21 to October 27 and be resumed on October 28 and run until November 4.

This comes as a result of a request from President Wilson to Mr. Hoover. In his letter the president lauds the work of the food conservation forces, but suggests that they will not begrudge the loss of time asked for in view of the importance of the success of the bond issue.

Washington, Oct. 12.—Negro soldiers on guard duty at Camp Ordway were ordered withdrawn tonight after the killing of Andrew J. Cooper was shot while going into the camp on his way to work. Ward, who immediately was arrested by the military, said the carpenter was not using the proper entrance and failed to obey his command to "halt." Friends of the dead man said he was
